

BREEDING – Frozen Semen Available Contact Us for Pricing

Dutch Warmblood stallions Taxateur, Rubinstein and Vosmaer from Holland – all trained at Osierlea to Grand Prix level.

All three stallions are deceased. However, we have frozen semen available.

These three stallions were described by Baron Hans von Blixen as “three magnificent stallions,” who was an Olympic Gold Medalist and trainer of Olympic Gold medal dressage and three-day event horses. The Baron was also trainer to Olympians Christopher and Jane Bartle.

These stallions were among the few breeding stallions who not only performed well themselves as competitive FEI dressage horses, but also sired successful FEI dressage, jumpers and eventers. The jumping lines and offspring success of Rubinstein and Vosmaer are an added bonus. All three stallions demonstrated their excellent character by proving themselves in harness.

Vosmaer (far right) with two of his offspring

VOSMAER – Formateur x Epigoon

Vosmaer was an Approved Dutch Warmblood stallion. He successfully completed the Dutch Stallion Testing as a Basis horse (dressage, jumping, cross-country, and driving). After a jumping career in Holland, he was imported to the US and began his second career as a dressage horse. He was shown through Grand Prix by a young rider. He is by the international jumper stallion Formateur.

Vosmaer sired Exakt, who competed for the USA and was shown by Kyra Kyrklund. He has sired WPN Top Ten horses and his offspring reflect his great presence, brilliant movement and great soundness. He was 16-1 hh, bright chestnut with a blaze and four high white stockings.

He has sired several Grand Prix horses, including Dedein, Ijsselmeer Ikepono and World Ranked Exakt (shown internationally by his owner and Kyra Kyrklund). Also sire of advanced three-day event horses, KWPN Approved Grand Prix Dressage Stallion Ijsselmeer Ikepono – USET Intermediare Vice Champion, Star and Keur mares in Europe and North America and NA/WPN Top Ten horses.

RUBINSTEIN – Lorenz x Allasch

Rubinstein was double-registered – Holsteiner and Dutch Warmblood. In Holstein he was known as Lepanto. He was L Line Holsteiner by Lorenz by the legendary Ladykiller. He was Reserve Champion of the German Stallion Inspection, after which, he was exported to the Netherlands, where he was second Reserve Champion at the Dutch Stallion Testing and awarded the appellation “Class A.” He was a successful jumper in Europe. After he was imported to the USA, he had a successful second career as a Grand Prix Dressage horse. He competed in Grand Prix until he was 20-years old and was then used for training many riding students to Grand Prix level until the age of 24.

Rubinstein proved himself as a sire and competition horse. His natural ability in piaffe, passage, and flying changes, his brilliant gaits, jumping talent and his wonderful mind came thru in his offspring with remarkable reliability. Rubinstein was 16-3hh, black/brown with four even white socks.

Rubinstein was sire of ‘Lascar’ (sold to England), ‘Arco,’ ‘Gatsby’ and ‘Jagger’ (All World Ranked in Grand Prix). He has sired champion hunters, including ‘Notoriety’ (Harrisburg, Madison Square Garden), jumpers in Europe and USA, driving horses in Europe and the USA and American vaulting Horse of the Year.

Rubinstein also sired a KWPN Approved Stallion, Star & Keur mares in Europe and North America and NA/WPN Top Ten horses.

TAXATEUR – Obelisk x Commandant

Taxateur was the first Approved Dutch Warmblood stallion in North America. He was AHSA Champion, USDF and CDS Horse of the Year and winner at a large number of FEI level competitions. He won the AHSA Western Regional Finals Championship titles at every level from First Level through Intermediare. He won the Individual Gold and Silver medals, as well as the Team Gold Medal at the FEI Young Rider Championships under Young Rider Champion Chelsey Sibley. His lineage includes classic lines and names like the thoroughbred stallion Talisman (“the great architect” of breeding as he was known in Holland) and the great Commandant. Each year from 1994 to 2001 Taxateur appeared on the TOP TEN USDF LEADING SIRES. In 1999 he was third RANKED SIRE OF FEI HORSES COMPETING IN THE USA according to USDF. Taxateur was 16 hh, bright bay with four white socks.

Taxateur sired successful offspring in many disciplines at the highest levels:

Gulliver, who followed in his father’s footsteps to win the Individual Gold Medal at the FEI North American Young Rider Championship, Duke of Earl, who was long listed for the US Olympic Team and many other Intermediare and Grand Prix dressage winners, including ‘Belvedere,’ ‘Athos,’ ‘Iditorad,’ ‘Leteur,’ ‘Heidelberg,’ ‘Highlight’ and ‘Independence,’ as well as advanced three-day horses in the USA and Mexico and NA/WPN top-ten horses.
